Happy Holidays!

HOW DOES IT WORK?

Register with the link below and then join the private Facebook Group through the link you will be given upon registering.

We will connect on Zoom each morning for 7 days at 9:30am for a short research-based teaching and then I will give out a 5 minute or less fun connecting exercise.

For those of you who are not available during the week at that time, we are beginning on Saturday so you can be with us on Saturday & Sunday. Then there will be replays of the day's Zoom teaching and assignment on the Monday to Friday. There will be opportunity to connect with others privately on Zoom to let people know how it is working for you. I hope you will be there and pass it on. This is the year for it!
